

Figure 2 (FER-216). Faults of the Rose Canyon fault zone. Circled localities 1-21 are described in Treiman (1984); localities 22-25 are from Kahle (1988); localities 26 and 27, as well as some of the other localities (highlighted), are discussed in this report and are shown on Figures 5a and 5b. (Fault map modified from Treiman, 1984).
